The table is a 2x5 grid with numbers 11-15 in the top row and 16-20 in the bottom row. Dotted lines separate the cells. Symbols are placed at the intersections of these lines: a downward-pointing triangle at the intersection of the first vertical and horizontal lines; a diamond at the intersection of the second vertical and horizontal lines; a four-pointed star at the intersection of the third vertical and horizontal lines; a rightward-pointing semi-circle at the intersection of the fourth vertical and horizontal lines; a vertical bar at the intersection of the fifth vertical and horizontal lines; a rightward-pointing arrow at the intersection of the first vertical and bottom horizontal lines; a star at the intersection of the second vertical and bottom horizontal lines; a circle at the intersection of the third vertical and bottom horizontal lines; a square at the intersection of the fourth vertical and bottom horizontal lines; and a heart at the intersection of the fifth vertical and bottom horizontal lines.
